Biz1 Bookings Platform Overview

Biz1 Bookings is an enterprise front-desk appointment scheduling, staff allocation, and customer loyalty platform designed to coordinate service calendars, synchronize external schedules, and automate client booking confirmations.

- **Multi-Staff Calendar Grid:** Clear appointment scheduling matrix organized across dedicated personnel columns (e.g. Chintan, Demo, Manoj, Test) over granular hourly slots (8:00 AM – 6:00 PM).
- **Flexible Multi-Mode Views:** Instant perspective switching across Day, Week, and Staff modes with single-click staff member isolation and date navigation.
- **Automated Confirmations & Loyalty Rewards:** Full 2-way Google Calendar synchronization, automated WhatsApp booking confirmation dispatches, and integrated digital loyalty punch cards.

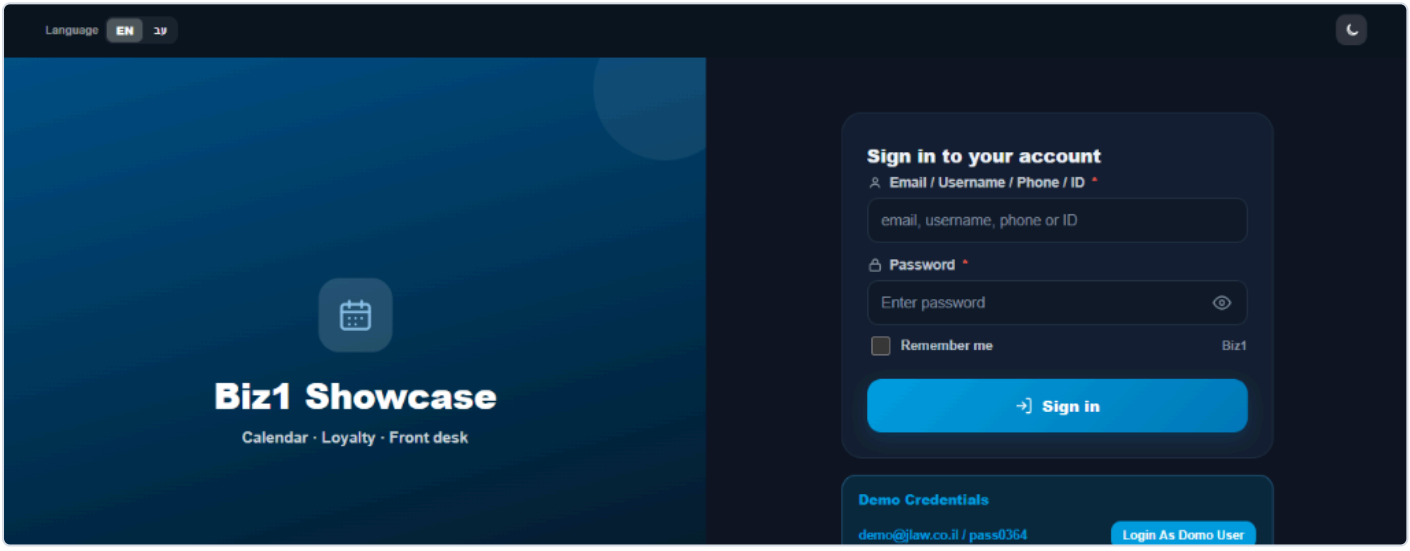
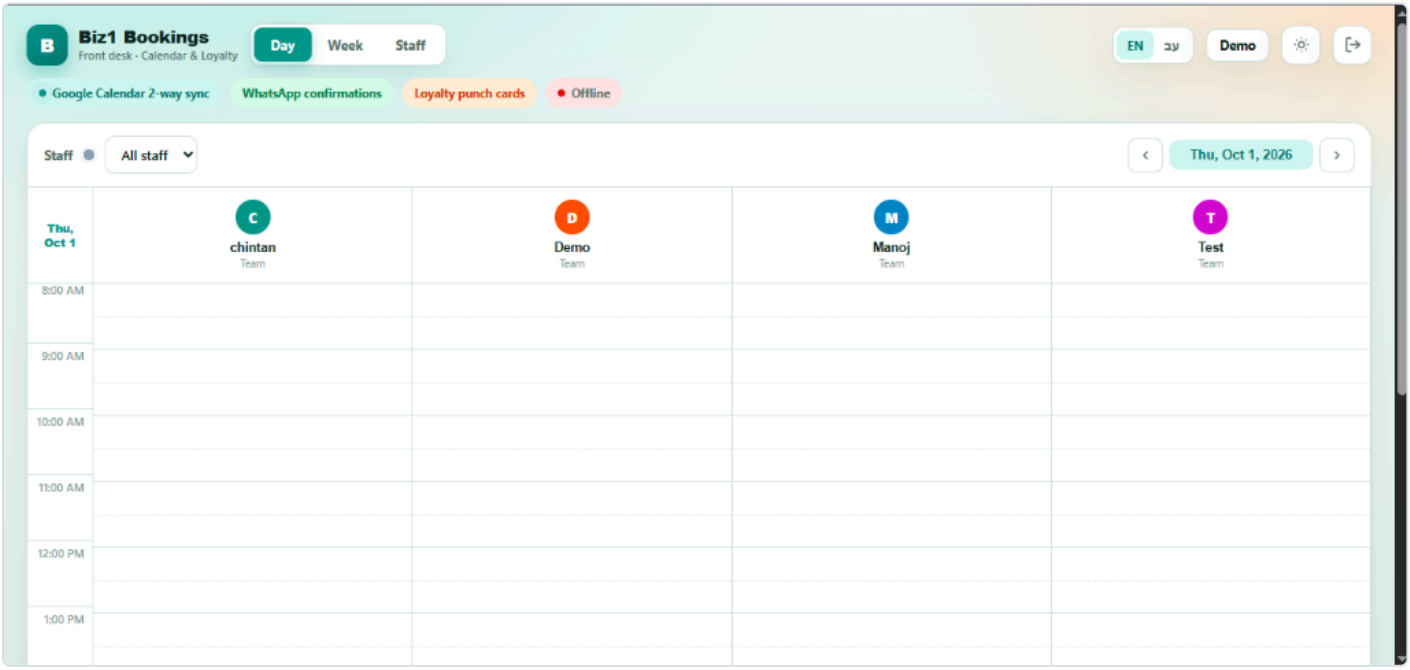
SYSTEM ACCESS CREDENTIALS · ACTIVE TEST ACCESS

Parameter / Control	Value / Format	Description & Instructions
Login Portal URL	https://apps.bull36.com/demo/calender/index.html	Direct web access URL to the Bookings & Calendar operational portal.
Login Username	`demo@jlaw.co.il`	Valid operator account identifier to authenticate into the platform.
Login Password	`pass0364`	Standard demo passkey; click password visibility toggle to view input.

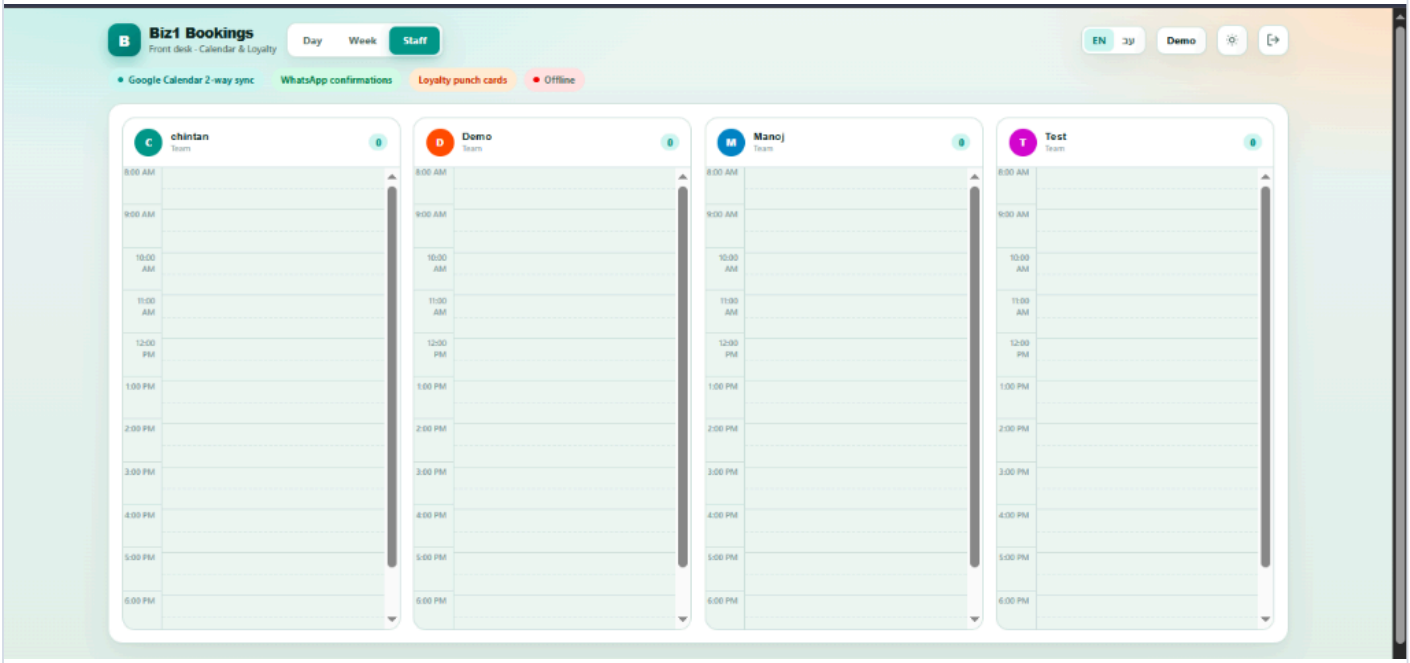




Multi-Staff Resource Allocation Matrix & Personnel Columns

STAFF SCHEDULING

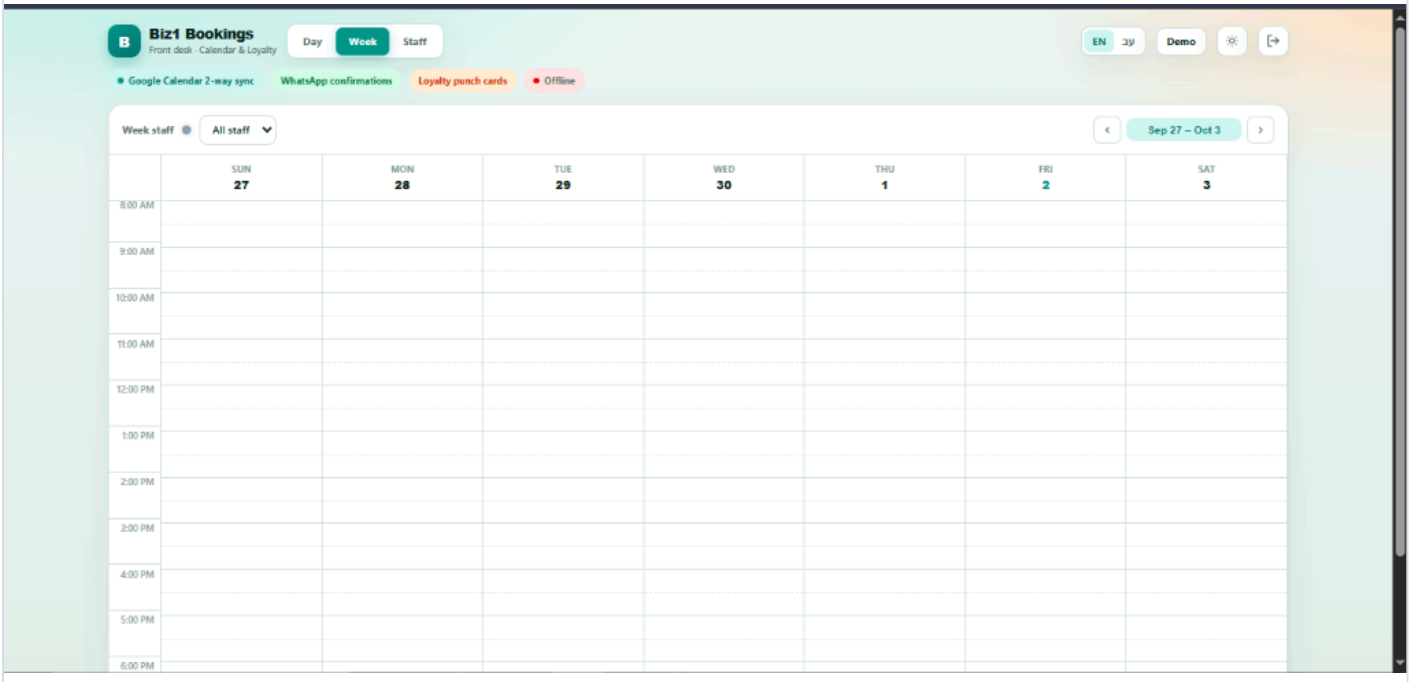
- **Dedicated Personnel Columns:** Organizes daily service agendas into dedicated staff lanes (Chintan, Demo, Manoj, Test) with clear assignment counters and real-time load distribution.
- **Granular Hourly Time Grid:** Displays hourly scheduling segments from 8:00 AM through 6:00 PM, preventing overlapping double-bookings and highlighting immediate staff availability.
- **Enterprise Service Indicators:** Header status badges track active 2-way Google Calendar sync, automated WhatsApp confirmations, loyalty punch card programs, and network connectivity.



Weekly Calendar Timeline & Full-Horizon Horizon View

TIMELINE SCHEDULING

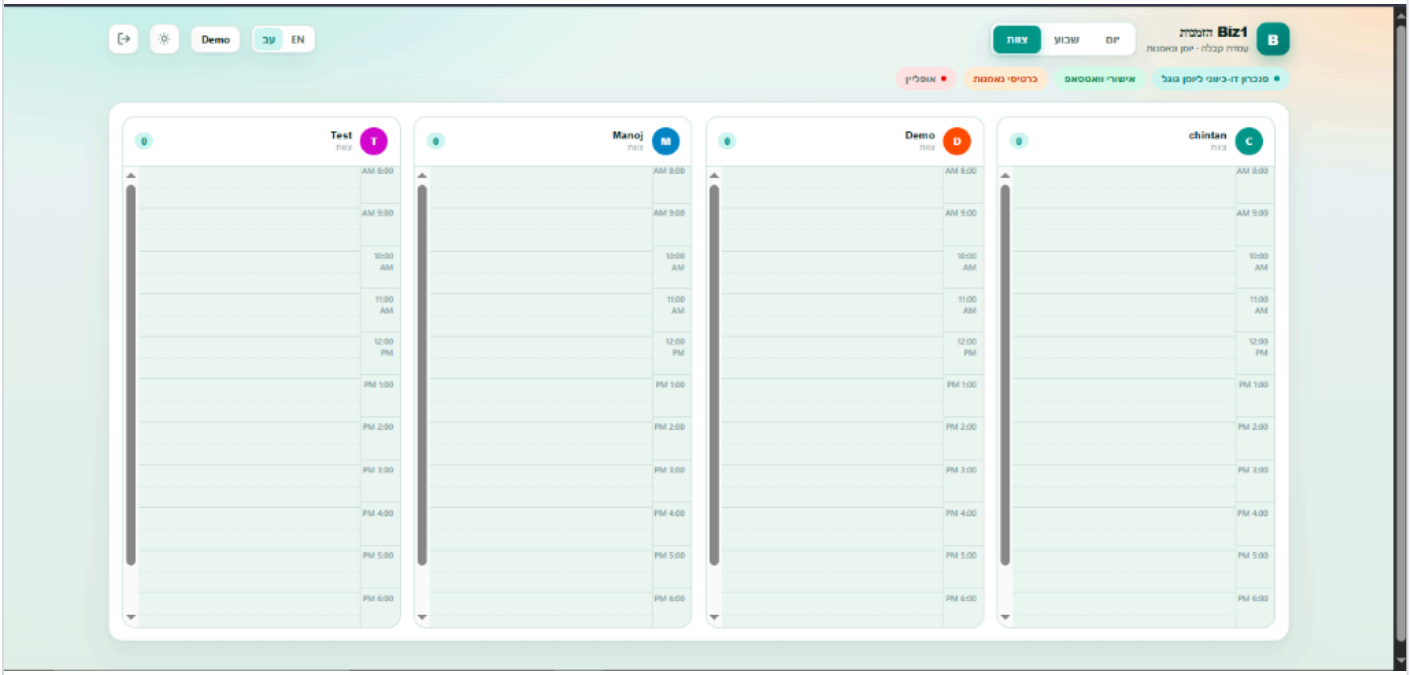
- **7-Day Calendar Horizon:** Comprehensive weekly overview spanning Sunday through Saturday (Sep 27 – Oct 3) with dynamic week selector and single-click date increment controls.
- **Individual & Team Filtering:** Top selector allows operators to filter the weekly calendar for all staff members simultaneously or isolate a specific practitioner's workload.
- **Rapid Viewport Mode Switcher:** Instant toggles between Day, Week, and Staff perspectives, adapting the operational viewport to front-desk reception needs.



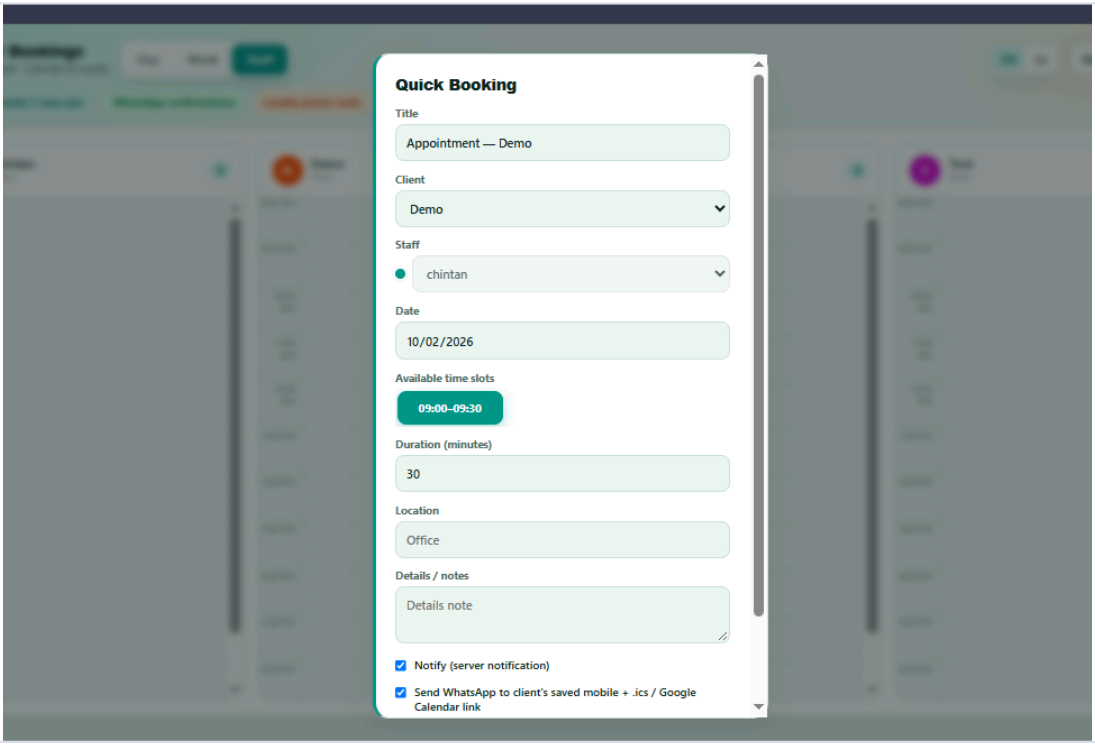
• Native Hebrew RTL Front-Desk Reception Interface

LOCALIZATION & RTL

- **Full Right-to-Left Typography:** Complete native Hebrew interface ("עמדת קבלה - יומן ונאמנות") featuring inverted RTL staff column layout, Hebrew date labels, and localized controls.
- **Localized Status Badges:** RTL telemetry badges for Google Calendar synchronization (`סנכרון דו-כיווני`), WhatsApp alerts (`אישורי וואטסאפ`), and digital loyalty cards.
- **Seamless Language Toggle:** Instant language switching between English (`EN`) and Hebrew (`עב`) preserving active appointment filters and staff selections.



• Quick Booking Studio & Automated Multi-Channel Dispatch

APPOINTMENT DISPATCH


- **Rapid Booking Creation Dialogue:** Streamlined modal capturing appointment title, customer linkage, practitioner assignment, date, duration, and custom location details.
- **Dynamic Time Slot Picker:** Interactive time-slot chips (`09:00–09:30`) indicating immediate vacancy and automatically calculating ending timestamps.
- **Automated Multi-Channel Notifications:** Integrated checkboxes to trigger instant internal server alerts and broadcast WhatsApp confirmation messages with embedded `.ics` Google Calendar invitations.
