Biz1 Tasks & Missions Platform Overview

Biz1 Tasks & Missions is an enterprise sales pipeline and operational task execution system designed to streamline daily work priorities, track client follow-ups, and visualize operational opportunities across flexible views.

- **Daily Tasks & Operational Health:** Dynamic summary cards (Total Tasks: 22, Open Tasks: 22, Due Today) providing instant status of critical daily deliverables and team assignments.
- **Sales Pipeline Milestone Tracking:** Color-accented commercial stages (Follow-up Call, Offer Sent, Sending Pictures) enabling agile customer progression and status tracking.
- **Multi-View Work Execution:** Native bottom navigation offering seamless switching between Structured Task Rows, Visual Kanban Board, and Main Overview with bilingual (EN / עב) localization.

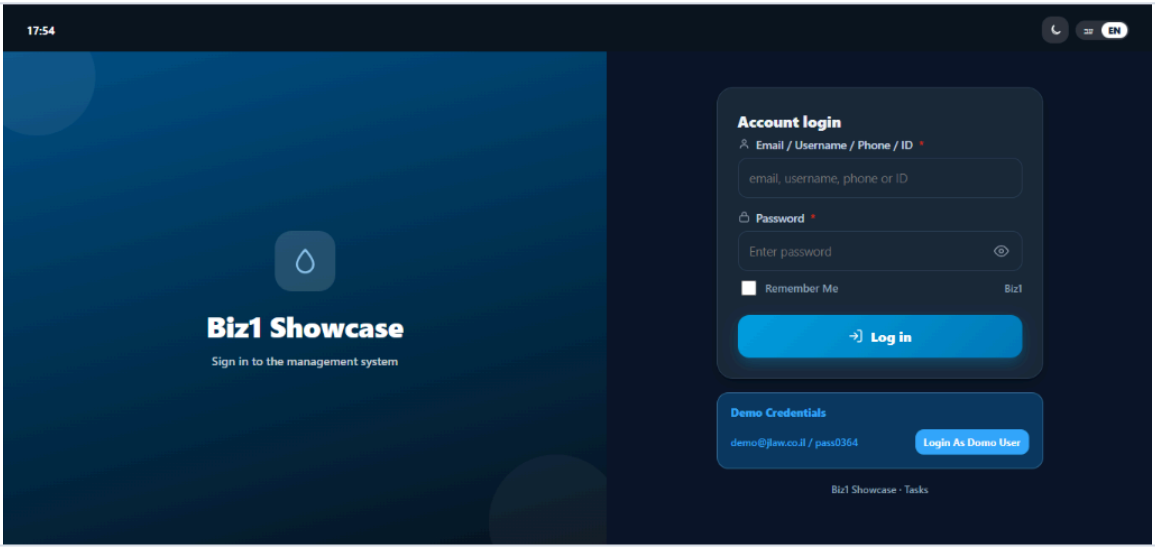
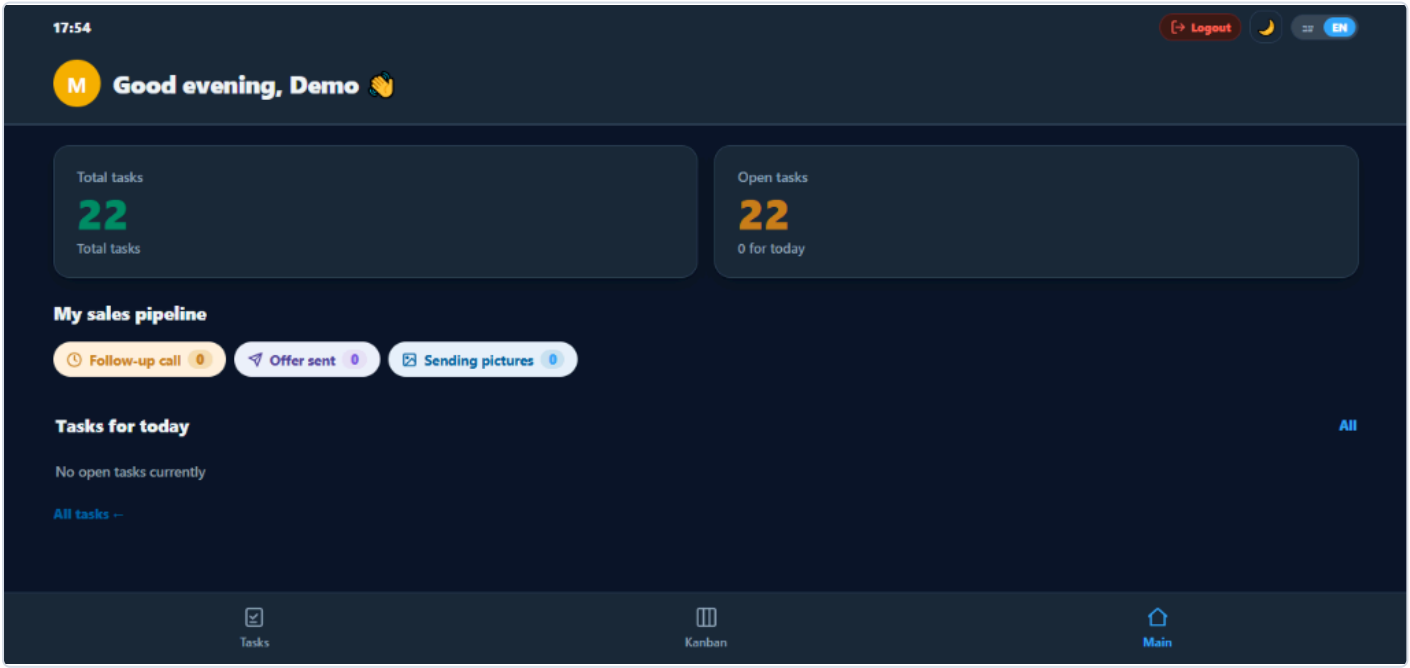
System Access Credentials · Active Test Access

Parameter / Control	Value / Format	Description & Instructions
Login Portal URL	https://apps.bull36.com/demo/mission/login.html	Direct web access URL to the Tasks & Missions login and operational portal.
Login Username	`demo@jlaw.co.il`	Valid operator account identifier to authenticate into the platform.
Login Password	`pass0364`	Standard demo passkey; click password visibility toggle to view input.

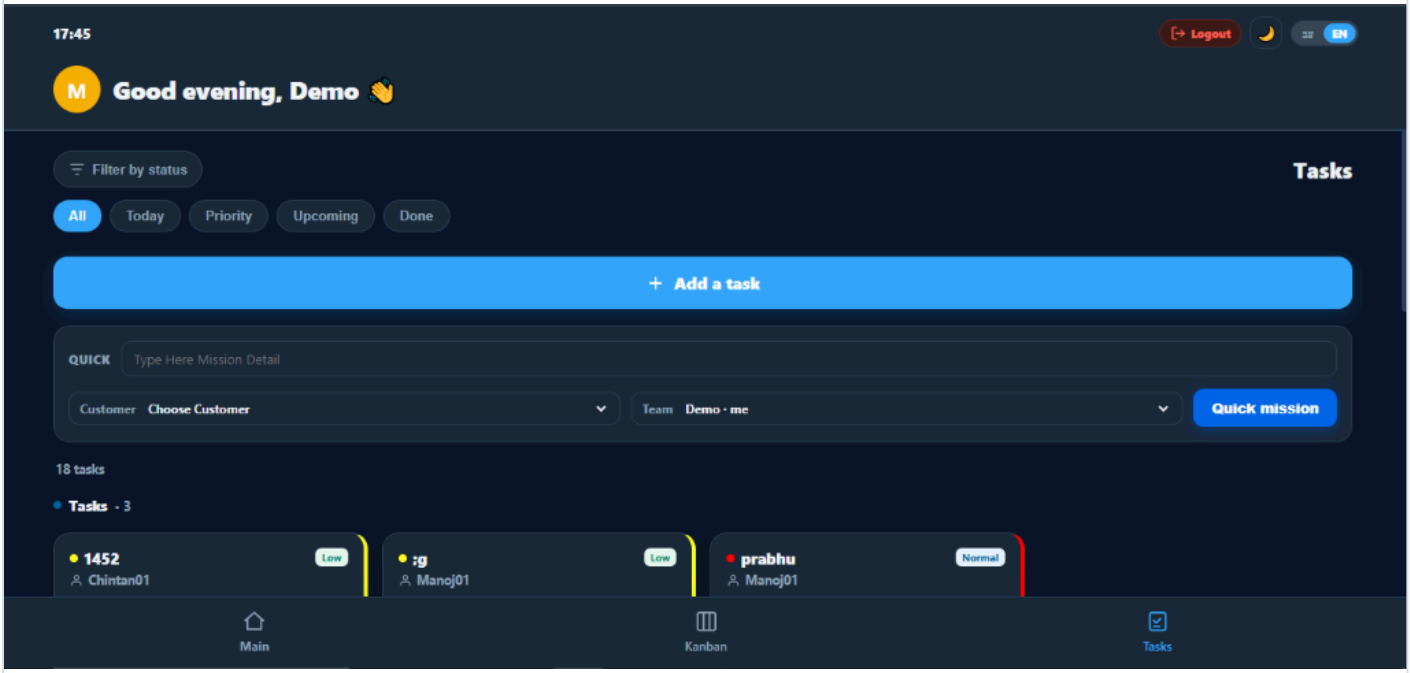




Structured Tasks Ledger & Instant Quick-Mission Dispatch

TASK LEDGER

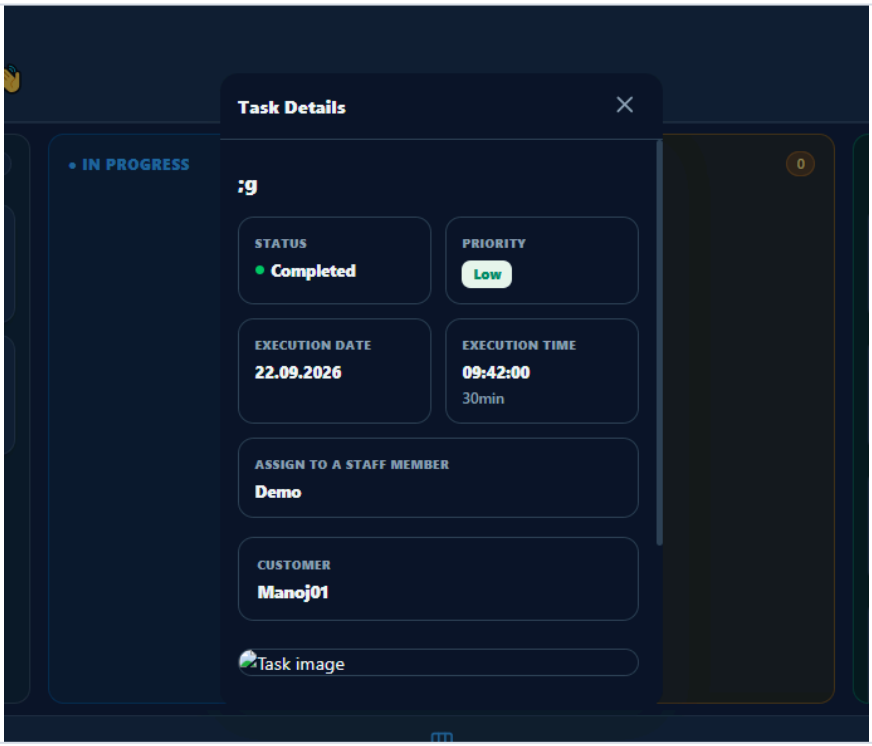
- **Status Filter Toolbar:** One-touch segmented buttons categorizing assignments across `All`, `Today`, `Priority`, `Upcoming`, and `Done`.
- **Single-Line Quick Dispatch:** Top-mounted fast entry bar capturing mission descriptions, customer linkage, and team assignments in a single click.
- **Actionable Task Cards:** Structured task cards displaying priority indicators (`Low`, `Normal`), staff avatars (`Chintan01`, `Manoj01`), and instant open counts.



Task Details Modal & Operational Execution Telemetry

EXECUTION AUDIT

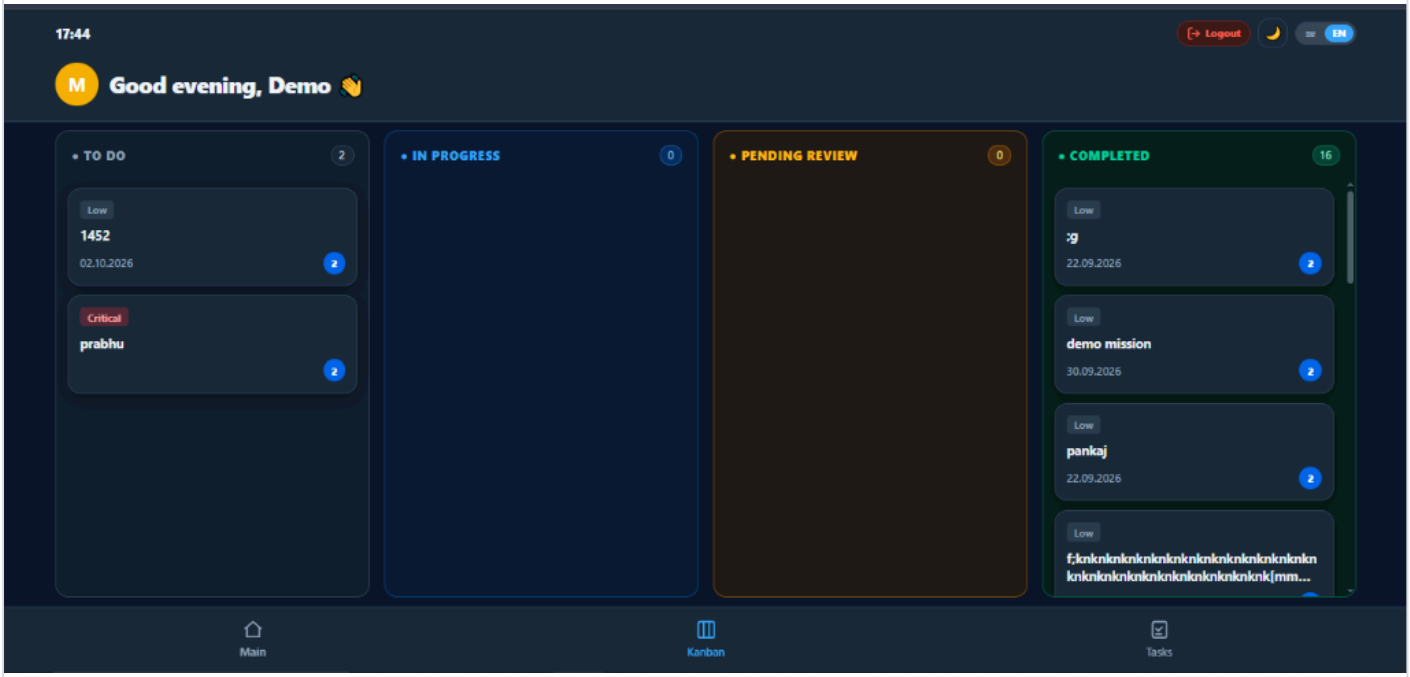
- **Status & Priority Badge:** Dedicated operational badge indicators highlighting live execution stage (`Completed`) alongside assigned priority rating.
- **Timestamp & Duration Metrics:** Precise chronological auditing tracking exact execution date (`22.09.2026`), start time (`09:42:00`), and duration telemetry (`30min`).
- **Personnel & Client Routing:** Unambiguous staff ownership attribution (`Demo`) linked directly to the client account (`Manoj01`) with media attachments.



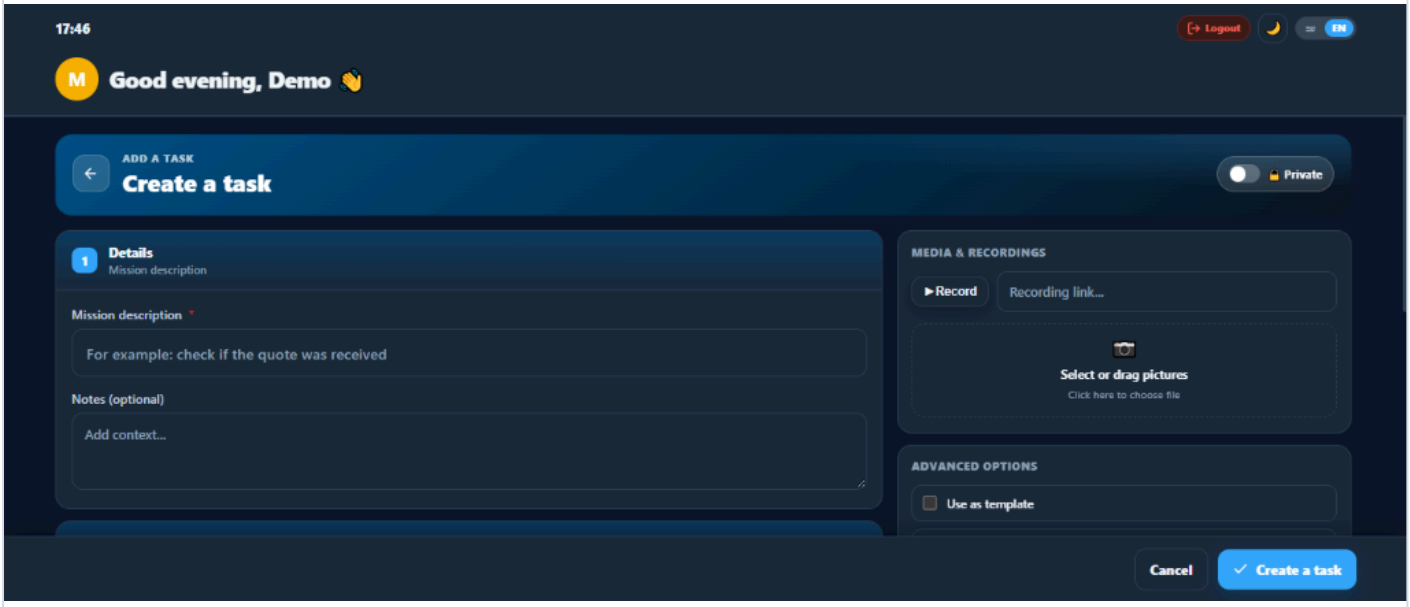
4-Stage Visual Kanban Board & Deliverable Pipeline

KANBAN PIPELINE

- **4-Stage Workflow Columns:** Visual status lanes dividing work items across `TO DO`, `IN PROGRESS`, `PENDING REVIEW`, and `COMPLETED` stages.
- **Color-Accented Priority Cards:** Kanban task cards featuring dynamic priority badges (`Critical`, `Low`), execution dates, and sub-task counters.
- **Global Greeting & Navigation:** Integrated topbar with time display, user avatar (`Demo`), and bottom tab routing between Main, Kanban, and Tasks.



Comprehensive Task Creation Studio & Audio/Media Attachments

TASK STUDIO


- **Detailed Context Editors:** Structured form capturing primary mission descriptions, optional contextual notes, and privacy toggle flags (`Private`).
- **Audio & Media Studio:** Embedded recording utility (`▶ Record`), external recording URL input, and drag-and-drop image asset upload zone.
- **Template Reusability:** Built-in `Use as template` toggle allowing recurring operational tasks to be standardized across multiple team members.
